

***Partnership Opportunities that Empower Girls to Rise
Here We Grow ~ Are You In?***

~ No One Leads Alone, and No One Ever Has ~

That's why we want to build a Partnership with You!

Building a strong interdependent relationship that advances our visions is an integral part of Leadership. This means Connecting with People to Build a Vital Community ~ Yours and Ours!

Girls at Work, Inc. is dedicated to empowering girls ages 8-14, through building projects with power tools, and S.T.E.A.M education. Providing experiential learning in Science, Technology, Engineering, the Arts, and Mathematics, girls become immersed in problem-solving and critical thinking, developing transferable skills to their 'tool belt'!

The majority (95%) of the girls we serve through our nonprofit mission receive scholarship support.

Every girl deserves the opportunity to learn and grow in a safe and supportive environment.

All contributions directly benefit the girls!

Thank you for your consideration!
